ASD STRATEGIES IN ACTION

autism certification series

An innovative, online video training program for those who interact with individuals with autism spectrum disorder (ASD)

Provides practical information and skills, demonstrated with real-life examples, filmed in a variety of settings.

ASD Strategies in Action fills critical gaps:

- the need for more trained service providers to meet a growing demand and
- the need for more consistent, broad-based community support for parents and families.

The program was funded under the leadership of the Ohio Department of Developmental Disabilities in collaboration with the Ohio Department of Education and the Governor's Office of Health Transformation.

A better trained support system means a better quality of life for individuals and families.

www.autismcertificationcenter.org

The Training:

- Gives families and service providers tools to ensure they are equipped to effectively care for, support, educate, employ or work with individuals on the autism spectrum.
- Is organized by age - from early childhood through young adulthood - and by strategy to allow easy access to the information that is most relevant to the user.
- Provides practitioners the option to earn professional development hours and a certificate.
- Is designed so that every user can gain knowledge and implement the skills learned immediately.
- Is developed by OCALI's new Autism Certification Center in consultation with a blue-ribbon panel of internationally renowned experts.
- IS FREE TO ALL OHIOANS, available anywhere, and soon to be exported across the globe to impact millions throughout the world.

Interested in the training, but not from Ohio?
