## Investment Options

- One, default selected, principal-protected FDIC-Insured Option

## What to spend funds on

- Withdrawals must be used on "Qualified Disability Expenses"
- Anything that:
  1. Relates to your disability and
  2. Helps to maintain or improve your health, independence, or quality of life
- Examples:
  - Housing and Rent
  - Basic Living Expenses
  - Medical/Financial/Legal Bills
  - Education
  - Transportation
  - Assistive Technology

## Non-Qualified Expenditures

- Affects Benefits
  1. The amount of the expenditure may be considered a countable resource
- Tax Penalties
  1. Pay taxes plus 10% penalty on the earnings portion of the withdrawal

## How to spend from the account

- STABLE will not ask what you spend on, but benefits agencies and IRS can
- Withdrawals are free with no limits
- Transfer to personal checking or savings
- Pay with a Third-Party Check
- Transfer to STABLE Card

## The STABLE Card

- Loadable debit card
- Does not pull from account
- Online spending records and ability to upload receipts and notate expenses
- Protections – no overdraft, no cash access, limiting of merchants
- Text alerts to monitor spending and low balances

## SSI Considerations

- Balances over \$100,000 count as a resource – but SSI merely suspended, not terminated
  1. *(Your account balance will not affect Medicaid benefits, though, regardless of the amount)*
- If you hold on to the money from one calendar month to the next, then housing expenditures and non-qualified expenditures count as resources
- Beneficiary's own wages still count as income even if contributed to STABLE Account

## If Account Holder passes away

- Account will pass to the account holder's estate
- The estate administrator notifies STABLE and can take over account access
- No designated transfer upon death
- If the beneficiary does not have a will then account will go through normal probate process

## If Account Holder received Medicaid services

- Medicaid can ask for payback in some cases, but there are multiple protections
  1. Medicaid Payback is only from date the account was opened
  2. The estate can first:
    - Pay any outstanding bills for QDEs
    - Pay for funeral and burial expenses
    - Deduct Medicaid Buy-In premiums you paid
- Money in a STABLE Account is better protected from Medicaid payback than money in other bank accounts
